

NATIONAL AND KAPODISTRIAN UNIVERSITY OF ATHENS

FACULTY OF PHYSICS

Fusion Research Team

[viagra gegenanzeigen](#) [cialis generika](#) argaiv1607

Head of Research Team: Ioannis G. Tigelis, Associate Professor

Address: Department of Electronics, Computing, Telecommunications and Control, Pan

Telephone: +30 210 727 6860

Fax: +30 210 727 6989

e-mail: itigelis@phys.uoa.gr

Staff:

- D. Frantzeskakis - Associate Professor
- E. Tsilis - Assistant Professor
- G. Alexakis - Assistant Professor
- H. Nistazakis - Assistant Professor
- G. Latsas - Postdoc Reseracher
- Z. Ioannidis - Postdoc Researcher
- S. Mallios - Graduate Student
- A. Zelkas - Scientific Researcher
- M. Moraitou - Graduate Student
- D. Peponis - Student

Scientific Interests:

- Interaction of electronic beams and electromagnetic waves and their applications to the design of high-

Publications in Fusion:

- **Z. C. Ioannidis, O. Dembrájs and I. G. Tigetis** "Dielectric inserts for genuinely wide-band waveguides" *IEEE Transactions on Plasma Science*, 30(2), 2002
- **Z. C. Ioannidis, G. P. Latsas, I. G. Tigetis and O. Dembrájs** "The effect of the inner surface corrugation on the propagation characteristics of a dielectric waveguide" *IEEE Transactions on Plasma Science*, 30(2), 2002
- **G. P. Latsas, J. L. Vomvolas, K. A. Avramides and I. G. Tigetis** "The effect of the inner surface corrugation on the propagation characteristics of a dielectric waveguide" *IEEE Transactions on Plasma Science*, 30(2), 2002
- **G. Gantenbein, G. Darmfritz, J. Flamm, S. Kerber, G. Latsas, C. Löper, B. Pfund** "The effect of the inner surface corrugation on the propagation characteristics of a dielectric waveguide" *IEEE Transactions on Plasma Science*, 30(2), 2002
- **G. P. Latsas, M. D. Moraitou, Z. C. Ioannidis and I. G. Tigetis** "The effect of the inner surface corrugation on the propagation characteristics of a dielectric waveguide" *IEEE Transactions on Plasma Science*, 30(2), 2002
- **Z. C. Ioannidis, K. A. Avramides, G. P. Latsas and I. G. Tigetis** "The effect of the inner surface corrugation on the propagation characteristics of a dielectric waveguide and coaxial cavity" *IEEE Transactions on Plasma Science*, 30(2), 2002

Annual Reports:

- Annual Report 1999-2000 [2a3\) Electromagnetic code for beam-tunnel spectrum 2c1\) Transport and chaos in fusion plasmas](#)
- Annual Report 2001 [2a3\) Electromagnetic code for beam-tunnel spectrum](#)
- Annual Report 2002 [2a3\) Electromagnetic code for beam-tunnel spectrum](#)
- Annual Report 2003 [2a3\) Electromagnetic code for beam-tunnel spectrum and slotted coaxial gyrotron cavities](#)
- Annual Report 2004 [2a3\) Electromagnetic code for](#)
